### **Sloss Furnaces National Historic Landmark**

is a 32-acre blast furnace plant where iron was made for nearly 100 years. Now a museum of history and industry, Sloss is the only 20th century blast furnace in the country that is being preserved and interpreted as a museum. Sloss Furnaces offers site tours, metal arts activities, and is host to a variety of community programs.

*Hours:* Tuesday–Saturday,
